

# TREE PRESERVATION PLAN

Experience peace of mind by having a certified arborist inspect your trees on an annual basis for pruning needs.

## WE WILL:

- Examine your trees' structural integrity
- Recommend and explain any pruning, cabling, or bracing needs
- Note pest activity and, if needed, refer to Plant Health Care department for additional care

## A small investment for big preservation

Annual cost ranges from \$75-\$300, determined by property size and number of trees.

Pruning inspections will start in June and occur through October.
